

TECHNICAL Data

BRILLIANCE

A concentrated surface protectant offering increased shine and water repellency to automotive finishes such as paint, chrome trim and clear coat

This product is made to bond to vehicle surfaces. It provides better water beading and breaking, and improved blower efficiency.

It has a deep, yellow colour and a pleasant berry fragrance.

DIRECTIONS: This product may be pre-diluted as 1 part to 10 parts of water before final dilution and application. It may also be directly diluted by using automatic dispensing equipment with up to 600 parts of hot or cold water. Dilution ratios are dependent on desired final results.

FOR COMMERCIAL USE
