

TOTAL ALL PURPOSE CLEANER

DESCRIPTION: An alkaline, red-colored liquid ideally suited for all kinds of cleaning applications. Its detergent builders, emulsifiers and surfactants makes its classification perfect as an all around general purpose cleaner. It effectively loosens hard-to-remove soil and film from all kinds of surfaces and makes it easier and more effective as a cleaner and degreaser. An amazing cleaner with limitless applications.

DIRECTIONS: Dilute product with 25 to 50 parts of warm water. Amounts used will depend on the application and amount of soil. Cover the area to be cleaned with the solution. Do not allow it to dry on the surface.
