

## **CLEANOUT SAND FILTER CLEANER & DEGREASER**

CLEANOUT is a highly concentrated cleaner and degreaser formulated to remove dirt, debris and body oils from pool sand filters. It maintains sand filter efficacy, reduces strain on pump systems and lowers overall system pressure.

### **DIRECTIONS:**

Isolate sand filter system. Drain sand filter. Dilute 2L of CLEANOUT per 100L of water (2% solution). Circulate for a minimum of 2 hours. Backwash filter thoroughly to drain with fresh water.

**FOR COMMERCIAL USE**
