

TECHNICAL Data

TAR GONE

A highly concentrated natural citrus degreaser, which is environmentally safe and biodegradable. This product does not contain any chlorinated solvents. It is non-flammable and has a pleasant odour. It removes carpet stains, gum, wax, engine grease, asphalt and tar from equipment and deodorizes and cleans grease traps.

DIRECTIONS:

Carpet Stains - apply undiluted to stain using sponge. Allow to soak for 2-3 minutes then pick up remaining residue with clean absorbent cloth.

Degreasing & Cleaning Engines - spray auto engine surface allow to stand for 5 minutes. Rinse with hot water.

Asphalt & Tar Removal - Apply product full strength with a low pressure sprayer or brush. Allow 5 minutes contact time before rinsing with hot water.

Heavy Equipment Cleaning - Spray degreaser onto surface, allow 5 minutes contact time before rinsing with hot water. The product may be diluted with 5 parts of hot water depending on amount of oil and grease to be removed. Allow 3-5 minutes contact time. Rinse with hot water. It may be necessary to scrub some surfaces before rinsing.
