

E-Z CARE

FOR URINALS & TOILET BOWLS CLEANER - DESCALER RUST REMOVER - DEODORIZER

This product is an acid based cleaner with adhesive properties enabling the product to stick to surfaces and provide contact time with dirt and stains. It contains non-ionic surfactants and pleasant perfumes. The acids are inhibited and will not harm plumbing. It is ideal for use in institutional, commercial and food plant applications.

DIRECTIONS: Squeeze bottle and squirt a light film of product over surface to be cleaned. Spread product evenly over surface with a bowl-mop or brush. Allow 5 minutes contact time to loosen scale and stains. Then rinse clean.

CAUTION: Contains lactic and hydrochloric acids. Do not use with bleach or alkaline cleaners.

Avoid prolonged contact with chrome plated fixtures. Use only on acid resistant surfaces.

FOR COMMERCIAL USE
