

TECHNICAL Data

GT-815 GLYCOL TREATMENT

An inhibited propylene glycol based antifreeze to -33°C.

This product is designed for use where a non-toxic heat transfer fluid is required. It is a clear, colourless liquid and has no odour.

The inhibitor package in GT-815 GLYCOL TREATMENT provides excellent corrosion protection.

GT-815 GLYCOL TREATMENT is well suited for use as antifreeze in heating systems where a non-toxic compound is desired. It is also ideally suited for use in recreation vehicles.
