

GT-855 GLYCOL TREATMENT

An inhibited propylene glycol based antifreeze to -55°C.

This product is designed for use where a non-toxic heat transfer fluid is required. It is a clear, colourless liquid and has no odour.

The inhibitor package in GT-855 GLYCOL TREATMENT provides excellent corrosion protection.

GT-855 GLYCOL TREATMENT is well suited for use as antifreeze in heating systems where a non-toxic compound is desired.
