

## GRANULAR FLOOR CLEANSER

**DESCRIPTION:** A granular high quality cleaner and degreaser designed for effective removal of oil, grease and soil from concrete and tile floors.

**DIRECTIONS:** Dilute product at 1 part to 100 parts of hot water and apply with brush or mop. More product may be required for tougher degreasing jobs. Mop dry or use a squeegee.

When cleaning concrete floors, product may be sprinkled onto pre-wetted floor at a rate of  $\frac{1}{2}$  - 1 kg per 10 square metres. Brush vigorously and rinse with plenty of hot water.

**NOTE:** This is an alkaline product. When cleaning waxed floors, stronger concentrations may remove the floor finish.

FOR COMMERCIAL USE
