

JD POWER CLEANSER

This product is a hydrogen peroxide based cleaner with bleaching, deodorizing and sanitizing properties. It is a fully biodegradable product with environmental benefits not normally found in cleaning compounds. It is a mild yet effective cleaner that provides superior cleaning properties while hydrogen peroxide breaks down to form water and oxygen, leaving minimal chemical residue. For food plant and other industrial use.

It is suitable for a variety of cleaning applications including laundry, washrooms, windows, floors, walls, and ceilings. It is also ideal for carpet stain removal and as a non-acid bowl cleaner.

DIRECTIONS: Use the product as is (undiluted) for cleaning of stipple ceilings and ceiling tiles, for laundry prespotting, for bowl cleaning and for carpet and fabric stain removal. Always test fabrics for colour fastness before use. Allow sufficient contact time. Problem stains may require a second application.

For light duty cleaning (such as daily cleaning of glass, mirrors, chrome, stainless steel and floor mopping) dilute product 1-2 oz/gal of warm water (1:80 to 1:160).

For general purpose cleaning of kitchens and soiled floors, etc. dilute product 2-4 oz/gal of warm Water (1:40 - 1:80).

For heavy duty cleaning, degreasing and deodorizing of bathrooms, showers, locker-rooms, tile and grout dilute product 6-10 oz/gal of warm water (1:15-1:25).

Food contact surfaces should be thoroughly rinsed with potable water.

The Canadian Food Inspection Agency has no objection to the use of this product in food plants when used according to label directions.
